

Ideas and Suggestions for Work Samples and Examples of Learning

This list is meant to help you generate ideas about what to email for your child's evaluation. This list is by no means exhaustive of all the creative ways to show your child's learning, so please feel free to email anything that shows learning! You certainly do NOT need to submit everything on this list. Please use it as a help – not a checklist! Please email all evaluation information to:
amanda@coloradohomeschooling.com

Ideas

List of formal curricula

List of materials/resources (board games, apps, websites, online games, DVDs, etc.)

List of field trips

A few photos of workbooks, worksheets, notebooks (from beginning, middle, end of year)

Short video (under 1 minute) of the child reading

List of books read/listened to

Photo(s) of writing (letters, projects, book reports, research papers, copy work, etc.)

Photos of projects that incorporated language arts and/or math

Photo/short video or list of math taught in "real life" (cooking, sewing, measuring/building, lemonade stand, garage sale, counting money with allowance)
